#### Memo

**To:** Tennessee Felon Population Update Recipients

From: Cynthia Taylor, Planning and Research Coordinator

**CC:** Susan McMillan, Executive Assistant to the Commissioner

Linda Nutt, Director, Policy, Planning, and Research

Date: October 9, 2006

**Re:** August Felon Population Reports – Total Population and Female Population

Attached is the felon population report (blue report) for August 2006. As of August 31, 2006, the total felon population was 25,792. The following is a breakdown of the total felon population (males & females) and the female felon population. Note that the female counts are reported for a different period in time:

Total Population: Aug 31, 06

TDOC Facilities: 19,377

• TDOC Backup: 1,772

Locally Sentenced: 4,643

Total Population: July 31, 06

TDOC Facilities: 19,331

• TDOC Backup: 1,809

Locally Sentenced: 4,778

Female Population: July 31, 06

TDOC Facilities: 1,150

TDOC Backup: 304\*

Locally Sentenced: 453\*

During the month of July, the difference between the projected total felon population and the actual felon population of males and females was 3.8% (26,900 projected and 25,918 actual). In this calendar year, the actual population has been <u>less</u> than the projected population each month. The difference between the projected population and actual population has increased incrementally each month – each of the past four months has shown a difference in excess of 2%. The projected population figures generated by the model deviated from the actual felon population by an average of 2.0% (or by 3637 fewer felons) between January 1, 2006 and July 30, 2006.

Policy, Planning, and Research is closely monitoring the accuracy of the population projection model. At this time, it is unclear if this increased difference is an anomaly, or the beginning of a larger change in the incarcerated population pattern. The Population Projection Assumption Committee will meet on October 12, 2006 and will review the assumptions for continued appropriateness.

Please review the attached felon population report and let me know if you have any questions.

Thank you.

Please note that the fiscal year averages are calculated from twelve monthly numbers.

Population figures on each year summary line are monthly averages. Monthly change and percent change are calculated from the first month of the year to the last month of the year.

#### FEMALE FELON POPULATION UPDATE-USER'S GUIDE

#### **Incarcerated Population**

**TDOC**: Felons sentenced to Tennessee Department of Correction custody and housed specifically in TDOC institutions.

**TDOC Backup**: Felons sentenced to TDOC custody and held in local jails while awaiting transfer to a TDOC institution.

**Locally Sentenced**: Convicted felons sentenced to serve their time in a local jail. As felony offenders, these persons are under TDOC jurisdiction.

#### **Admissions**

**New Commits**: Refers to any person convicted of a felony sentenced to TDOC, but who is not on probation or parole. This may include persons who had prior incarcerations.

**Violators Returned**: Refers to commitment of felons on technical violations of the conditions of their parole or probation, or community correction terms.

#### Releases

**Parole**: Felons originally sentenced to an incarceration period and released to serve the remainder of their sentence under supervision.

**Probation-Community Correction**: Usually non-violent felons sentenced to serve a split sentence; a short jail or prison term and the remainder under state supervision.

#### **General Notes**

**Backup:** All offenders sentenced to TDOC custody are counted as admissions. Some offenders are held in backup at a local jail while awaiting transfer to a TDOC facility. This is due to lack of room for all offenders. Since offenders who are in backup could be released for a number of reasons before being transferred to TDOC, they will only be counted as backup when they are released.
